PROJECT EXPERIENCE

Computer Science Portfolio

September 2021 – Present

- Over 10 in-depth projects ranging from a self-built 3D Graphics Engine without libraries to a full-stack login system using MySQL, React, and Node.js
- Projects from school assignments and personal projects

WORK EXPERIENCE

Force New York City

March 2020 – March 2022

Owner and Creator, New York, New York

- Created independent clothing brand, embroidered and screen printed shirts, pants, sweatshirts, accessories
- Outsourced blanks, created designs, screen printed at home, sold through Squarespace
- Sold over 300 items that generated over \$11,000 in revenue over two years
- Marketed through social media such as Instagram and Tiktok and in-person

Private Soccer Coach

June 2023 – Present

Self-Employed, New York, New York

- Trained current soccer players to help them develop their skills and fitness
- I have been playing soccer for 12 years, in high-level clubs and in high school. Used my skills and years of experience to help younger players achieve their goals for their careers

ADDITIONAL EXPERIENCE

Independent Videographer and Photographer

September 2020 – June 2023

Self-Employed, New York, New York

- Filmed and shot for clients such as A\$AP Twelvey and Evan Mock
- Utilized **Davinci Resolve** to edit and color-grade videos and **Adobe After Effects** for photos

LEADERSHIP or PROFESSIONAL ORGANIZATION

Engineering Club, Poly Prep Country Day School

September 2022 – June 2023

- Founded and led the first engineering club at my high school with 40+ registered members
- Educated students on the importance of engineering and the different types of engineering through project-based learning and presentations from those involved in the engineering community as professionals

Lacrosse Team Captain, Poly Prep Country Day School

September 2023 – June 2024

- Captain of the lacrosse team for my high school as the starting goalie, where I led the league in the least amount of goals allowed and had the second-highest save percentage
- Helped the team to win the Division B State Championship as a senior, making us champions for the first time since 2009

TECHNICAL SKILLS

Programming

- Proficient in HTML, CSS, Node.js, React, Java, and Python
- Knowledgeable about Cyber Security, Networking, and Data Structures

Software

- Proficient in the Adobe Suite, AutoCAD, Ableton, and Excel
- Able to use Windows, Mac OS, and Linux
